Dear Susan & Dennis:

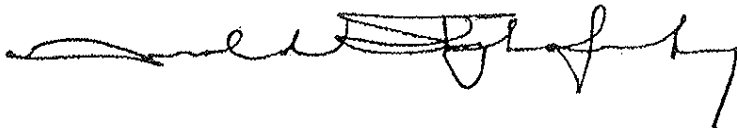

I felt I made the right decision when I retained you to sell my home. You proved me right!

To have sold my house, which has limited appeal as it is a 1 bedroom bungalow in only 2½ weeks, is a marvelous achievement. I am impressed by how hard you both work and the great presentation materials you prepared.

The two of you made a difficult and often emotional task less stressful to bear and your availability and attention to detail is commendable.

Feel free to give my name as a reference.

Sincerely,

A handwritten signature in black ink, appearing to read "Arnold Shykofsky". The signature is fluid and cursive, with a long horizontal line extending to the left and a vertical line extending downwards from the end.
